Brancolini****Attorney Docket: 052401-5001****Dear Sir/Madam:**

We paid the issue fee in the above case on October 5, 2004, however, Applicants' Comments on the Examiner's Reasons for Allowance were inadvertently not included with the Issue Fee Payment.

I called the Examiner to ask whether our Comments on Reasons for Allowance could still be added to the file. He indicated that the comments could be sent, but it would best to have them sent to the central fax number. Accordingly, we are enclosing our comments on the Examiner's Reasons for Allowance for U.S. Application No. 09/671,350. These comments should be placed in the file aforementioned file.

Sincerely,
 James L. Reed

Sir:

COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

In response to the Statement of Reasons for Allowance dated March 18, 2002, Applicants submit the following comments.

Applicants believe that the Reasons for Allowance indicate some, but not all of the reasons why the claims were allowed over the prior art. Additionally, Applicants reiterate that the dependent claims recite limitations which further distinguish over the art of record. Moreover, while Applicants believe that all of the claims are allowable and patentably distinguish over the prior art, Applicants do not acquiesce that patentability resides in each of the listed features, exactly as expressed in the claims, nor that each and every feature is required for patentability.

While Applicants do not necessarily disagree with the Examiner's characterization of the art of record, Applicants wish to point out that the limitation "means for . . . creating screen images" is by no means limited to software that creates "screen shots". This conclusion is readily apparent if one reads the claims in light of the prosecution history and specification,
